

HyVee **HATT™**

CAPABILITY STATEMENT

HYVEE AIRCRAFT TRANSPORT/RECOVERY TRAILERS

U.S. Patent 1,678,435 other patents pending

WHO WE ARE

Hyvee Equipment, LLC is an innovator of aviation support equipment with a focus on creating better products for the protection of our soldiers. We are a 24-year old WOSB that has designed, built, and delivered revolutionary ground handling systems for both skidded and wheeled airframes. Our task is to load move and unload aircraft without requiring crane or aerial lifting. Our HATTs (Hydraulic Aircraft Transport/Recovery Trailer Systems) are aircraft specific and can load and unload a skidded or wheeled aircraft in 5 to 15 minutes with two trained men.

PAST PERFORMANCE

- HATTs in OIF&OEF
- AMCOM/PEO AVN
- US Army
- US Air Force*
- US Navy/WAFB*
- National Guard
- FMS
- Ft. Eustis, AATD
- 101st ABN DIV*
- 82nd ABN DIV*
- 160th SOAR
- 25th ID CAB*/4th CAB*
- 2916th AVN BN*
- M1 Support Services
- L-3 Communications
- DynCorp
- Ft. Rucker/Novosel*
- * Trained DART Teams

CAPABILITIES

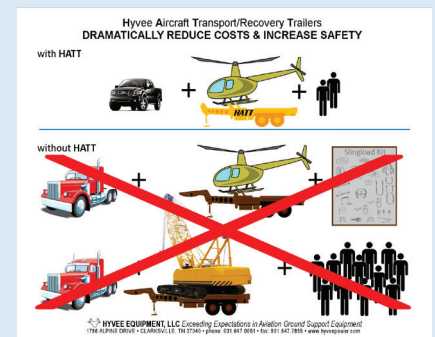

- Ground recovery reduces damage
- Safely recovers aircraft without crane/sling
- HATT reduces manpower requirements
- HATT reduces equipment requirements
- No Crane • No Wheels • No Sling Load
- Off-Road or flightline or highway
- Combat Proven OIF and OEF
- Force Protector
- Sustain airframes and parts
- All aircraft models available
- Blade Boxes available

CORE COMPETENCIES

- Engineering
- Design/3-D Engineering Graphics
- Prototype Production
- Full Scale Production
- Full Spectrum Logistics Support
- Training
- Technical Support
- Publications
- TIG/MIG Welding
- Assemblies
- Tooling Design
- Aircraft Transportation

DIFFERENTIATORS

No Crane, no Sling Load...
No Damage. Radically reduces requirements of manpower equipment and time.

TESTIMONIALS

"...Your HATT Trailer has changed the face of Army Aviation and the individual Combat Unit's ability to move aircraft both in Garrison for day to day operations and during Combat Operations ... No more need for AVIM support or Commercial Transportation or lifting device. I wish I'd had your equipment 20 years ago." -CW4 S. Gray, Ret. 7/17th

"Your equipment is saving lives when we are outside the wire and can recover an aircraft in 5 minutes instead of multiple hours." -7/17th

"This is but one instance of many where this trailer saved us valuable time." -SFC Michael Martinez, 2/17th

"...Worth it's weight in gold." -1/17th
